*Developing Equity-Minded Mentors among Faculty and Researchers*
Findings from a recent study indicate that graduate students in the natural sciences benefit significantly from the mentoring activities of more senior students and postdoctoral fellows. Such findings suggest that it is vital that all individuals (faculty, researchers, postdoctoral fellows, and graduate students) develop effective mentoring skills. In this session, participants will explore and discuss what mentoring is as well as review and apply several tools that enable an individual to employ an equity-minded approach to the mentoring enterprise.

UPCOMING EVENTS

*TATTO Extension: Writing Through Writer’s Block Webinar
It may be useful to regard writing blocks as opportunities for clarity around your research aims and intellectual investments. This workshop explores the multiple forms of writer’s block. It explores challenges that underrepresented faculty may experience when writing and identifies strategies for turning obstacles into insight. Participants are encouraged to bring lunch – CFDE will provide drinks!

**Date:** Monday, March 2, 2020
**Time:** 12 pm – 1:30 pm
**Location:** Woodruff Library, Room 216

UPCOMING EVENTS

*Write-Up Fellowship Forum*

The Write-up Fellowship Forum introduces students to the unique features of a dissertation completion fellowship application. Write-up fellowship proposals are a distinct sub-genre of grant writing, and this session will describe the genre in detail. Plenty of time for questions and answers will be provided. The intended audience includes advanced graduate students planning to apply for a dissertation completion fellowship in next fall's competition.

**Date:** Wednesday, March 25, 2020  
**Time:** 4 pm – 5:30 pm  
**Location:** Callaway S420  
**RSVP Here!**

*Pre-Text Workshop*

Director of Engaged Learning, Dr. Vialla Hartfield-Méndez, will facilitate a workshop using the "Pre-Texts" pedagogical approach. The simple protocol of Pre-Texts invites participants to engage with a complex text (could be literary, scientific, historical, political, philosophical, theoretical, etc.) through the lens of multiple art forms, thus driving close reading, innovation, critical thinking, and full participation. This workshop will provide an introduction to the approach, a discussion of how it has been used in multiple settings, and a discussion of how participants might use it in their teaching. Hartfield-Méndez will also be available for additional consultation and practice sessions afterward.

**Date:** Thursday, March 26, 2020  
**Time:** 4:30 pm-7:30 pm (Light dinner provided)  
**Location:** Jones Room (Woodruff Library)  
**RSVP Here!**

**Interdisciplinary Policy Internships**

*Congressional Budget Office (CBO) - Internship for Graduate Students*

This summer internship is a unique paid program for master's and PhD students to obtain real-life experience in policymaking and the federal budget process. The opportunity is best suited for students pursuing degrees in economics, public policy, public affairs, health policy, finance, and other quantitative fields. Students should submit a cover letter, a resume, an unofficial copy of transcripts (first-year graduate students MUST also submit an unofficial copy of their undergraduate transcripts), and contact information for two references (preferably an employment and academic). CBO can consider US citizens and non-citizens who are permanent residents of the US seeking citizenship.

**Deadline:** Thursday, February 28, 2020  
**Time:** Beginning May 26, 2020, for 10 weeks

*US DOE - Office of Science Graduate Student Research*

The U.S. Department of Energy's Office of Science is now accepting applications for the Office of Science Graduate Student Research (SCGSR) program 2020 Solicitation 1. The SCGSR program provides doctoral dissertation/thesis research opportunities for graduate students at DOE national laboratories. Details about the program, research areas, and online application can be found at https://science.osti.gov/wdts/scgsr/. There are four new transdisciplinary research areas for encouraging graduate training activities at the convergence of multiple disciplines and communities, including Microelectronics, Data Science, Fundamental Symmetries, and Accelerator Science. We strongly encourage applications in these areas.

**Deadline:** Wednesday, May 6, 2020  
**Time:** 5 pm Eastern Time

*Women’s Congressional Policy Institute Fellowship*

The fellowships are extended each year to a select number of students pursuing a graduate degree or those who have recently completed a master’s, doctorate, or professional degree with a proven commitment to equity for women. Fellows gain practical policymaking experience and graduate credit as they work from January to July in Congressional offices.

The Fellowships are designed to train potential leaders in public policy formation to examine issues from the perspective, experiences, and needs of women. This program is unique—the only graduate-level fellowship program on Capitol Hill focused on women.

**Time:** January – July 2021  
**Deadline:** Spring 2021 applications will open soon
