

## PDS Non-Competitive Research Form

### Project Proposal

Attach your proposal as a separate page. Address each item explicitly. **Write no more than 1000 words.**

1. Provide a brief description of your research project/dissertation and explain its significance.
2. Provide the research you intend to conduct, including when and where you intend to conduct it.
3. Explain the methods of analysis you will use in your research.
4. Explain how this research will advance your work towards the PhD. Explain how your proposed research fits into your dissertation project.
5. Describe your qualifications and preparations for conducting the proposed research.
6. Explain how the external sources of funding you have applied to (or plan to apply to) support your project. How will this funding affect/change your PDS application's budget?
7. Please provide a brief timeline of your project.

\*All forms below are now fillable, electronically, if desired, using a PDF reader.

### Research Oversight: Human Subjects, Animals and Radiation

All research at Emory is regulated by research oversight committees, including the Institutional Review Board (IRB), which reviews all research involving human subjects, the Institutional Animal Care and Use Committee (IACUC), and the Radiation Control Council (RCC) and other occupational health and safety committees.

Approval by the appropriate review committee(s), where necessary, is a condition for receiving Professional Development Support. It is each student's responsibility to confirm that his or her research has been properly approved by these committees. Please note that if you fail to submit your research protocol for appropriate review, you may be unable to use the data in future publications, including your dissertation.

Details about the requirements of these regulatory committees, as well as contact information and review procedures, can be found on their websites.

IRB: <http://www.irb.emory.edu/>. IRB staff members are available for informal consultations about your project. Even if you feel confident that your research does not require review, **we strongly encourage you to contact the IRB for an informal discussion.**

IACUC: <http://www.iacuc.emory.edu/>.

RCC and other occupational health regulations: <http://www.ehso.emory.edu/>.

### Review Certification

I certify that the research associated with this application for PDS funds requires review as follows:

IRB       No    Yes

IACUC    No    Yes

For each "yes" checked, please attach a copy of the official approval letter. You may submit your application for review before you receive approval. However, **if your research requires review, you will not receive funds until you have forwarded copies of the appropriate review letters to the Laney Graduate School.**

RCC      No    Yes

Other     No    Yes

**Good Standing**

I certify that I am not on probation and am in good standing with my program and with the Laney Graduate School.

**Student Signature:** \_\_\_\_\_

**Faculty Advisor and Director of Graduate Studies Approval**

*We have reviewed the attached proposal and agree with foregoing certification This research activity is necessary for the student to receive his or her degree, and cannot be undertaken without this additional support. I have read this application and believe that the student will accomplish his or her goal through the proposed research activity.*

**Faculty Advisor Name:** \_\_\_\_\_

**Signature:** \_\_\_\_\_

**If applicable to your program:**

**DGS Name:** \_\_\_\_\_

**Signature:** \_\_\_\_\_

*It is the student's responsibility to retrieve signatures from their DGS and Faculty Advisor. If your DGS or Faculty Advisor are unavailable please contact your program administrator.*
